

DEBATING SOCIETY

And PUBLIC SPEAKING

Who can participate?

We welcome anyone who enjoys speaking English and wants to express their views regardless of whether they have any debating skills or not.

Why participate?

It's fun! And you don't need special expertise.

You get the chance to discuss important issues, to present *your* ideas, opinions and experiences and listen to other pupils' views.

You will gain more confidence in speaking English.

You will improve your ability to perform well in presentations, interviews and a range of life situations.

You will learn to argue and reason for something.

You will get practical experience in the fundamental skills of debating and public speaking.
